

The JvR Africa Group

28 January 2019

To whom it may concern

The JvR Africa Group has hosted a number of conferences over the years and has found the quality of organizing done by Via Africa Conferencing (previously known as Going Africa Conferencing) to be exceptional.

In 2015 and 2017 they managed the logistics of 140 guests at two conferences in the Kruger National Park, many of them international visitors. They also managed the conference process which included 114 presenters and 84 presentations in 2015; and 81 presenters and 56 presentations in 2017.

The gala dinner event in the bush was something absolutely unbelievable.

All our guests are still talking about this exceptional experience.

We plan to again host a conference in the next year or two and will definitely use Via Africa Conferencing again.

Please do not hesitate to contact me for any further information: jopie@jvrafrica.co.za

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Jopie de Beer', is written over a light blue circular watermark.

Dr Jopie de Beer
